

**SUNBURST SCHOOL DISTRICT #2  
REGULAR MEETING**

**BOARD MINUTES**

**APRIL 18, 2017**

1. **CALL TO ORDER:** The regularly scheduled meeting of the Board of Trustees was called to order at 7:00pm by the Chairman, Lisa Kearns with the *pledge to our flag*. The School District No. 2. Trustees present to constitute a quorum were:

*Lisa Kearns, Chairman*

*(Scott Griffin, Trustee – Arrived at end of meeting)*

*Jonette Johannsen, Vice-Chairman*

*James Nagy, Trustee*

*Lisa Samsal, Trustee*

Guests and staff in attendance were:

*Christina Barbachano, Superintendent*

*District Staff – See attached list*

*Dan Nau, Principal K-6*

*Jeff Nix, Athletic Director*

*Peggy Tobin, Business Manager*

2. **APPROVE/REVISE/AMEND AGENDA** Action 1  
Christina requested that Action Item 7 be postponed until the next meeting. Jim moved to accept the agenda with Action Item 7 removed. Jonette seconded the motion and it passed unanimously.

3. **CONSENT AGENDA** Action 2  
a. Minutes from the March 23<sup>rd</sup> Regular Board Meeting  
b. Minutes from the April 3<sup>rd</sup> Special Board Meeting  
c. Warrants, Payroll Approval & Warrants to Void

Jonette moved to accept the consent agenda-Minutes for March 23, 2017, Minutes for April 3, 2017 as written and the warrants, payroll and P-Card transactions. Jim seconded the motion. Peggy noted that there were no voids in April. All voted in favor and the motion carried unanimously.

4. **PUBLIC COMMENTS FOR ITEMS NOT ON AGENDA** Discussion  
Lisa K. reminded the attendees that public comments are comments to be directed to the board and everyone is allowed one comment. Shannon thanked the board and district for providing transportation for two field trips - one to Helena to the capital and the old governor's mansion and one to the correctional facility in Shelby. Gwen Marshall described a process that she saw used in the military that she thought would greatly benefit the board. The process would be to request letters from the students (once a quarter, once a semester, year-end) to write down what they felt about how activities went, if there were improvements to make, etc. She said some kids won't tell parents or other adults what is really happening in school, but they would be willing to write down their issues. She also recommended that if a female student is in a male's office, that there be another in the room. Ula announced that the FFA banquet is May 9<sup>th</sup> and will have a silent auction and BBQ. Jodi reported that they now have seven athletes in the Special Olympics including two unified partners (non-disabled) students to support the team. Great Falls area games are this week (April 20<sup>th</sup>-21<sup>st</sup>) and State is in Missoula May 16<sup>th</sup>-19<sup>th</sup>. She also noted that they are continuing to sell raffle tickets to meet their quota (\$5/ticket and \$4 stays in the program. The Sunburst team has been invited to carry the torch in the opening ceremonies for the Great Falls area games. The torch will then be taken to Missoula. The events they are participating in are bocce, track & field and swimming.

5. **BUSINESS MANAGER REPORT** (See attached report) Discussion  
Peggy gave a brief summary of the information provided by MTSBA on informing the public of the school levy elections and the limitations on board members and school staff. She also reported that SB307 is on the governor's desk for signature and provided the current status of HB2.

6. **TRANSPORTATION/MAINTENANCE COORDINATOR REPORT** Discussion  
Christina reported that the buses are running fine (Vince was unable to attend). She asked Willie to report on some current maintenance issues. Willie reported that the boiler pumps are having issues and the condensation return tank is failing. FICO is exploring what procedures can be done to weld or repair the current tank. If that can't be done, it would have to be replaced and they are quite expensive (a tank half the size of the one we have is \$5,100). The boilers have been turned off. Willie reported that the water system on the football field has been readied to start up.

7. **ELEMENTARY PRINCIPAL/TECHNOLOGY REPORT**– (See attached report) Discussion  
 Dan reviewed his report. He provided a correction to number 8 – the students created an Agora (not Angora). Dan said that there are pictures posted on the website to show some of the elementary happenings.
8. **ATHLETIC DIRECTOR'S REPORT**– (See attached report) Discussion  
 Jeff concurred with Dan's report that the JH BB season was very successful. There are 28 students now competing in Track and Jeff recommends hiring Kortnee Pace to assist JH track. The state track meet has been moved to Laurel and we already have one student who has qualified. State golf will be in Seeley Lake and they will have to stay in Missoula and travel back and forth. The cross country will now be 5K instead of 3 miles which will begin next year. CPR classes began and several coaches are participating.
9. **SUPERINTENDENT'S REPORT** – (See attached report) Discussion  
 Christina reported on the testing season that is now upon us. ACT tests will be taken at the public library and Mrs. Smith's class will provide lunch. The test will run from 9am to 1:30pm. Once the summer driver's education class is determined, next year's schedule can be finalized. Christina's biggest concern is that everyone understands HB2 and its potential effects on taxpayers. She will continue to closely monitor it.
10. **NEGOTIATIONS COMMITTEE REPORT** Discussion  
 Lisa K. reported that they are expecting a draft from the STO on April 21<sup>st</sup> (Friday).
11. **HIRING COMMITTEE REPORT** Discussion  
 Lisa K. reported that Scott is working on one name that Joe Brott from MTSBA has provided.
12. **NEW BUSINESS**
- a. **New Hiring**
- i. Hire Assistant JH Track Coach – Kortnee Pace Action 3  
 Jonette moved to hire Kortnee Pace as the JH Assistant Track Coach. Jim seconded the motion and it passed unanimously.
- ii. Hire Substitute Teacher/Bus Driver – Mike Tobin Action 4  
 Jim moved to hire Mike Tobin as a Substitute Teacher/Bus Driver. Lisa S. seconded the motion. Christina pointed out that this hire will be contingent on a background check and Mike's completion of the CDL license. The motion passed unanimously.
- b. **Emergency Shelter & Generator at Elementary Building** - Steve Osgood Action 5  
 Christina turned the floor over to Steve Osgood with the Toole County Health Department. Steve reported that they have been tasked with finding buildings in the county that can be used in an emergency situation. He and Christina have been discussing the use of the elementary school because it has everything needed in cases of an emergency with the exception of an emergency power supply. He has been discussing this with the Disaster & Emergency services and there are grants that can be used to install an emergency generator. Usually the grant will cover everything including installation which has to be done by licensed electricians. Once the generator is installed, it would become the school's property and the district would be responsible for maintenance. (During a disaster, the fuel costs to run it would be reimbursed). Steve recently procured a 25-person emergency supply pack which is currently being stored at the fire hall. The state would want the Red Cross to come in at some point and confirm that the facility would meet their requirements. Christina told the board that the action to be taken would be to allow Steve to write the grant. Lisa K. asked if there would be any costs associated with any upgrades that the facility might need. Steve said that he didn't feel that would be an issue. Christina asked Steve where the generator would go. Steve said that an electrical contractor would determine that. Dan said probably right outside the boiler room where the gas and electric are available. Jodi asked that if the school had a power outage, since the generator is the property of the school, could it be used. Steve assured the board that it would be available for the district to use. Jonette moved to move forward with Steve writing a grant to get the generator for the Elementary Building to allow it to be an Emergency Shelter. Jim seconded the motion and it passed unanimously.

- c. **Approve Summer Driver's Ed Program** Action 6  
 Christina reviewed the proposed Summer Driver's Ed Program. They are looking at a 5-week program from mid-July to mid-August with instruction to be shared between Jeff & Kortnee. Jeff confirmed that he will have his endorsement by the end of June. The program will be about 60 hours and the cost to the district would be approximately \$2,500. Because it's a summer program and we don't have to offer it, the cost would be \$300/student (same as Shelby) and we would need six students. Christina has received three phone calls from parents who are interested. A letter has been prepared to send home to parents of any students who will be age-ready. Christina added that this will not change the need for the course during the next school year. Jim moved to adopt the Driver's Ed Program for this coming summer in the event that at least six students participate. Lisa S. seconded the motion. Christina noted that if we don't get enough students, there will be a second driver's ed course offered. The motion passed unanimously.
- d. **Approve Adoption of 7<sup>th</sup> – 12<sup>th</sup> Math Curriculum** Action 7  
 Item deleted from Agenda
- e. **Approve Board Policy Updates - Series 2000** Action 8  
 Christina direct the board to the proposed updates for the 2000 series of the board policies. Copies of the current and proposed policy changes by MTSBA had been provided for review. Christina reminded the board that with the passing of the 1000 series policies, that the board can approve policies on the first reading if desired. The trustees reviewed the policies and Christina provided clarification and answered questions. Christina pointed out that one of the bigger changes is in the Wellness Policy which needs to be reviewed every three years. Kris reported that we do have a wellness policy already in place. Jonette moved to accept the 2000 series of board policies as revised. Lisa S. seconded the motion and it passed unanimously after no further discussion.
- f. **Approve Out of State Student Activities**
1. **National FCCLA** Action 9  
 FCCLA is in Nashville and five students are going. Jim moved to approve the out of state travel for FCCLA to Nationals. Jonette seconded the motion and it passed unanimously.
  2. **ISEF** Action 10  
 ISEF is in LA with one student going. Jonette moved to approve the out of state travel for one student to travel to ICEF. Lisa K. seconded the motion and it passed unanimously.

**13. POSSIBLE EXECUTIVE SESSION** – Job Performance Review – Dan requested that the meeting be kept open. Lisa K. said that the right to privacy of others is involved and that the board will go into an executive session. Dan requested that his wife stay in the session which the board agreed to. The board retired to executive session at 8:05pm. Executive session ended at 8:20pm.

**Minutes amended to include the following notes from Mr. Nau:**

Mr. Nau read the MCA open meeting law and objected to going into executive session. He also stated that the board did not have a right to do a job performance review. Lastly, he stated that his rights were being violated if the board proceeded forward with any action including closing the meeting. Chairperson Kearns stated that she had contacted MTSBA and they said it was an acceptable practice and that other people also had privacy rights. Mr. Nau stated that if this is about him, he has the right about whether a meeting stays open as per law. Against Mr. Nau's objections, Chairperson Kearns had the meeting go into executive session.

**14. POSSIBLE ACTION FOLLOWING EXECUTIVE SESSION** Action 11  
 No action taken

**15. NEXT REGULAR BOARD MEETING—May 16, 2017 at 7:00 PM**

**16. ADJOURN** Action 12  
 Jim moved to adjourn the meeting at 8:21pm. The motion was seconded by Jonette and passed unanimously.

Jeanne Nagy reminded the board that nine years ago Jim started on the board and that this is his last meeting. Jim received a standing ovation.

*Jonette Johannsen*  
JONETTE JOHANNSEN, CHAIRMAN

DATE: 5/17/17

*Peggy Tobin*  
PEGGY TOBIN, CLERK

DATE: 5/17/17

**ELECTION:**

Both the Notice of the Annual School Election and the Notice of Intent to Increase Non-Voted Levies were published in this week's Promoter. We elected not to include the voted levies and instead are going to put both the sample ballot and the notice of non-voted levies in the next newsletter. We determined last year that the newsletter is an acceptable vehicle for explaining levies and doesn't violate the guidelines provided by MTSBA regarding how we can effectively inform the public regarding the levy election. The board members can campaign fully (speak without restriction) for any levy proposal as long as they don't use public resources. District staff are not allowed to use district resources but can advertise outside of work hours. Below was a recent response by MTSBA to this issue:

**Question:**

What are the guidelines for effectively informing the public regarding a levy election?

**Response:**

The issue of how to legally communicate the district's financial needs to the public arises as the May school election day approaches. Although Montana law places restrictions on what public employees can do in promoting the passage of a levy, there are still many legal and appropriate ways to ensure that the public is fully-informed regarding the financial needs of the district. Review Section 2-2-121, MCA, for specific features of the law.

**Use district resources in accordance with the law**

School districts generally cannot use public resources to advocate for a position on a levy proposal. Public resources mean district funds, district employees during working hours, district vehicles or travel allowances, or district facilities and equipment. Districts can use public resources to provide information but not to campaign or advocate for passage of the proposal.

However, boards of trustees and district superintendents (or a designated employee in a district with no superintendent) may disseminate information in support of a levy proposal if the distribution is properly incidental to another district activity required or authorized by law. This exception does not permit public funds to be expended on commercial advertising in support of the levy election. But one example of permitted activity is traveling to and participating in meetings or giving presentations in support of the levy proposal. These type of activities may be appropriate for the superintendent or members of the board if the presentations occur within the scope of that individual's official duties. Boards should review and update a superintendent's job duties to ensure compliance with the statute and board meeting minutes should clearly state trustee and/or superintendent authority relating to support of a levy election.

**Provide helpful information**

School officials may use public resources to develop and distribute objective material on the details and effects of a levy proposal. Such material must be informational, providing the public with a fair presentation of relevant facts and may not advocate for a particular position. Employees can be asked to do research and prepare information that fairly assesses the effects of a measure on the district and the community. School district trustees and staff members can use such information in meetings with individuals, organizations, the press, newspaper editors, legislators, civic leaders, special interest groups and others, to objectively explain the measure's impact.

**Check content and intent**

Give careful consideration in informational documents to style, tenor and timing. Districts should avoid providing information at a time or in a manner that that could create misconceptions about the intent of the information. Districts should anticipate reactions to informational items and work to ensure the information presented is objective. The distinction between legitimate research/information efforts and improper campaign advocacy may be difficult to apply in specific instances. When in doubt, submit your information materials to MTSBA for a compliance review.

### Speak out in accordance with the law

Elected board members may campaign fully for any levy proposal in a personal capacity as long as they don't use public resources to campaign for passage of the levy proposal. School district employees can campaign outside of their hours of employment and without the expenditure of public funds. However, employees must not be required nor coerced to aid a campaign. Employees are free to voice their own perspective on their own time.

Responsible distribution of information can help ensure an effective conversation on a levy proposal. By remembering the applicable legal requirements, school districts can inform the public so citizens can participate with confidence in the voting process. If you have any questions about levy election advocacy, please contact MTSBA.

### **HB2:**

In the notice for Non-Voted Levies, I included a note regarding the potential adverse effects if HB2 passes. As of April 5<sup>th</sup>, HB2 was returned to the Senate with some amendments. If this bill passes (and I've been given no indications that it won't), the State Block Grants and Natural Resource Development funds which the school has received in the past will be "redirected". The loss of these funds would be "partially" offset with additional Guaranteed Tax Base. For Sunburst, the effects are as follows:

- Loss of State Block Grants - \$154,403
- Loss of Natural Resource Development - \$14,703
- Increase of Guaranteed Tax Base Aid - \$10,045 (not much!)

This loss of state funding totals \$159,061 and would result in an increase of 16.79 mills in the General Fund's permissive levy.

Other things that will change the actual permissive levy amounts include what our actual cash balance is as of June 30<sup>th</sup> in the various budgeted funds. In some funds, the cash balance or a portion of it gets re-appropriated to fund next year's budget. A good example of this would be the Bus Depreciation Fund which, because of not purchasing a bus this year, should have a substantial balance as of June 30<sup>th</sup> that would eliminate the need for as much tax revenue in 2017-18 (hence the estimated \$77K decrease in that permissive levy).

### **HEALTH INSURANCE:**

I have received the renewal rate from MUST for 2017-18 and we are receiving a 6% increase over last year's rates. I've requested further information from Payne West regarding other plan options and Christina and I met with Leavitt and they are preparing a proposal as well.

School Board  
Elementary Principal Report  
April 18, 2017

1. Current enrollment: 80 in K-6
2. We have greatly narrowed down our math choices and are primarily looking at one program – we are still awaiting more information from our rep and will be doing a webinar with them this week to help answer more questions, etc.
3. The 3<sup>rd</sup> Annual Family Fun Night was held on March 30<sup>th</sup>. Games, pizza, and prizes made for a fun evening. We did not do an official number count, but I would estimate we had approximately 110 people in attendance. Everyone had a great time. Thank you to my staff for their hard work and time into making it a fun and successful event.
4. Congrats to our JH basketball teams on their fine seasons as they finished up with their end of season tourney in Cut Bank on Mar. 31<sup>st</sup> and Apr. 1. The boys and girls both had very successful seasons thanks to their hard work and dedication. Special thanks to Coach Aschim, Johannsen, Aschim, and Pace for all of their time and effort put into the program.
5. We had a MT Grizzly Encounters Assembly on Tuesday, Apr. 11<sup>th</sup> for 3<sup>rd</sup>-6<sup>th</sup> grade. A gentlemen from FWP came and put on a great presentation for our kids.
6. On Apr. 12, we had our 3<sup>rd</sup> quarter awards assembly. We had 30 students with perfect attendance and 13 students making the honor roll.
7. We had the annual Easter Egg Hunt on Apr. 12<sup>th</sup>. Thanks to the 4<sup>th</sup> for stuffing, and 5<sup>th</sup>/6<sup>th</sup> for hiding all of the eggs. This made for a fun time for our K-3 and preschool kids.
8. We have so many cool and innovative things happening in our school – Mrs. Pace’s students created Angora (a Greek and Roman marketplace), Mrs. Griffin’s TAG class built wind powered cars, Mrs. Bloch’s 3<sup>rd</sup> grade math students Mrs. Watterud’s class created awesome rainbows to show off student abilities, won a TTM Pizza party by reaching 500,000 points as a class, and Mrs. Nau’s class wrote their own stories

Technology:

- Overall – technology is working very well in our district. We have minor hiccups along the way, but all systems seem to be functioning well.
- Phone/PA system has had some quirks but we are making changes to deal with it

# AD Report

## Assistant Coach for Junior High Track:

It is my recommendation to hire Kortnee Pace as assistant Jr. High coach.

## Spring Sports participation:

Golf: 2 girls, 6 boys

HS Track: 3 girls, 9 boys

JH Track: 12 girls, 13 boys
